**Press Release: Alaska Policy Forum Introduces Alaska Legislative Vote Tracker**

**ANCHORAGE, Alaska** – Alaska Policy Forum announced the addition of a new [Alaska Legislative Vote Tracker](#) to their website, a valuable online tool that will allow Alaskans to easily access and track the votes of state legislators.

Alaskans can enter a bill number online and, with one click, see how all legislators voted. The system contains all bills which received floor votes this year in either the Alaska House of Representatives or Senate. Furthermore, users can click on legislator names to see more detailed information such as bills sponsored, committee assignments, and all recorded votes.

**“An essential part of protecting and maintaining freedom includes staying educated and informed, and our new online Alaska Legislative Vote Tracker makes it easy for Alaskans to do so.”**

– Cassandra Day, Communications and Operations Manager

Other programs with legislative information are difficult to use or requires passcodes and profiles. APF’s new tool is easy to access and incredibly user-friendly. It allows users to search by bill number, name, or key word, and always has the most accurate voting records as provided by the Alaska Legislature.

The [Alaska Legislative Vote Tracker](#) is one of many ways in which Alaska Policy Forum increases government transparency for residents of the Last Frontier.
